Zenza wasn't kidding. The rich bitches who come to his spa to relax and soothe their bodies are really looking for a "total treatment of pleasure," and that makes them totally susceptible to any tactile stimulation. Zenza starts off rubbing their backs, but he knows that a little stray touch here, a small touch there, will signal to them that they can have anything they desire.

Meanwhile, our roving photographer was in the next room, separated only by a two-way mirror, secretly shooting the massage session "for the record"!

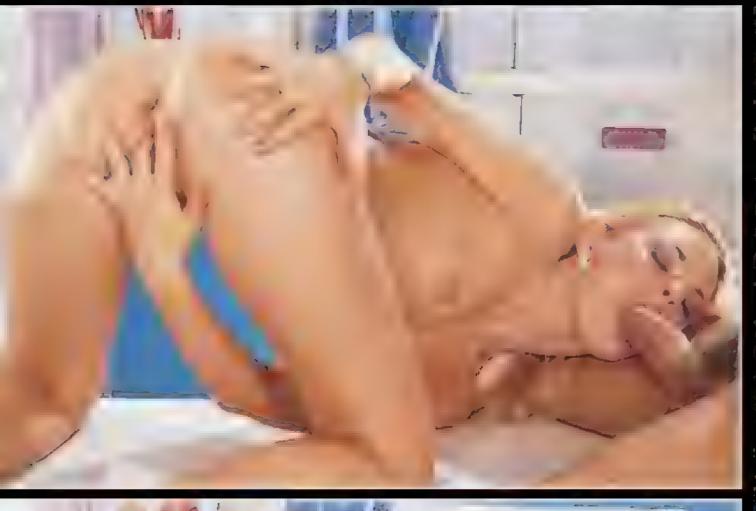

When you think about it, what woman can resist a situation in which she's lying naked on a table, while a young man's powerful fingers press into 🔻 her flesh and softly stroke her most sensitive parts? It would be a powarful temptation even if these women weren't wealthy and bored with their older, workaholic husbands. Where else can they act like they've innocently been led into an accidental encounter? Where else can they spend an hour in a room alone with a man, then come out feeling and looking satisfied without raising eyebrows? No doubt about it, Zenza has put himself into every man's fantasy situation. But there's still 💷 🦛 something missing for him. Sure, he's getting his cocksucked every day, several 🦠 times a day—and getting well paid for it. Sure, he's getting more ass than a toilet seat. But if you can't brag about it to your buddles without them laughing at you, something's missing. Now that he has solid photo evidence, that's not a problem anymore!

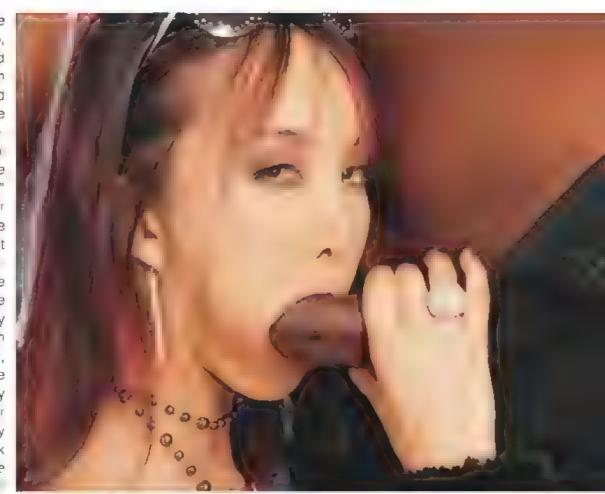

Once again, our roving photographer has captured the truth. And here's the best part. The client later paid him for her own set of shots—with a blowjob!

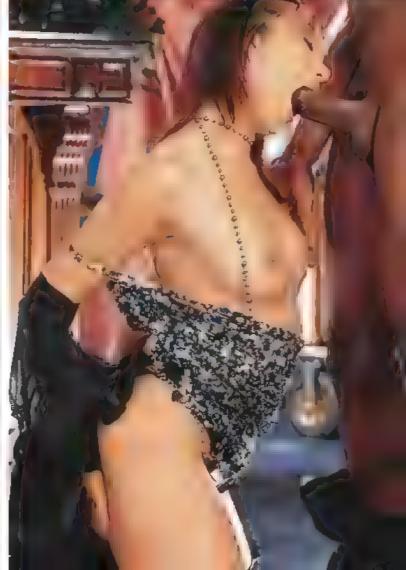

Porn superstars have sexual tantasies too, as we demonstrated ast month with Nicole Sheridan and n the Honday issue with Lewel De'Nyre That's why Katsum demanded that we help her get a "date" with black stud Tyler Knight When we contacted Tyler about hiring him for our fan tasy session with the tiny Vietnamese he told us "That crazy ttle bitch has been after me for months, but keep my private Irle separate from my day wo k " In other words the only way he was going to fuck Katsum was fiwe hired him for the job

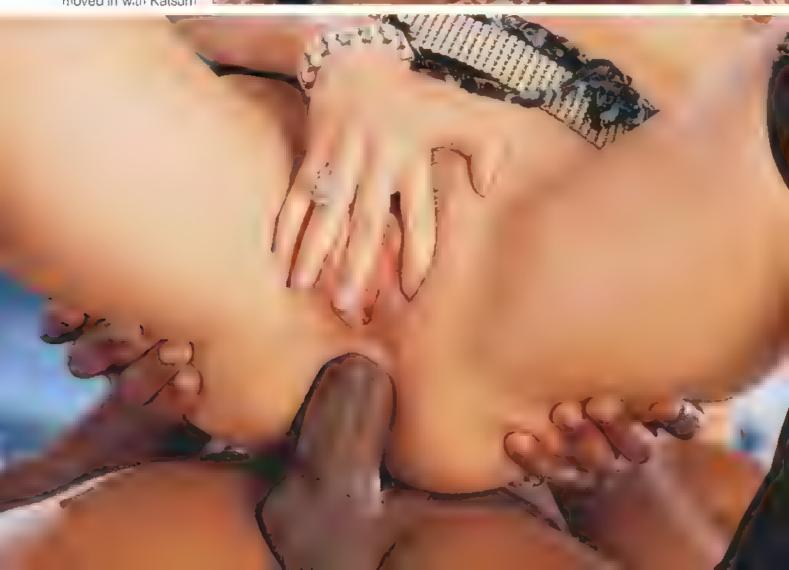

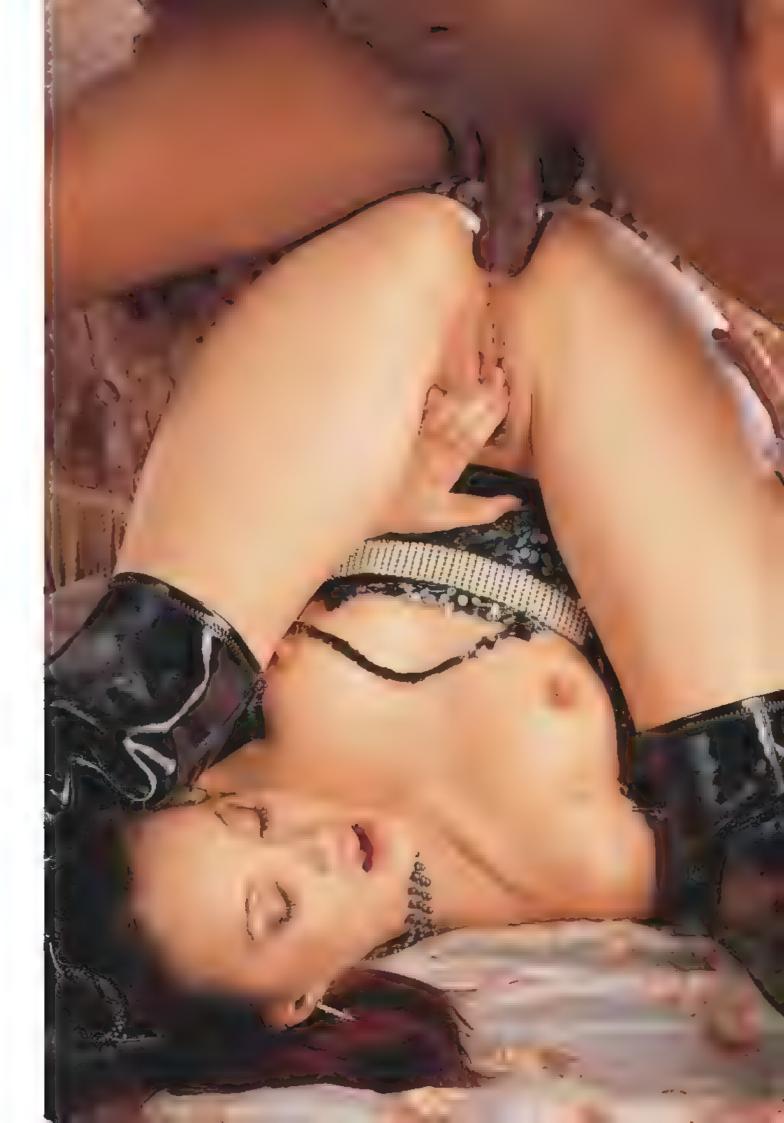

Katsum is known in the biz as an aggressive lady who gets what she wants, whether it's a starring role in a movie, or the most prominent spot in a VELVET article last year by J.D Dobbs (Hint: Dobos got his knob polished) So it's only natural that when she found out that Tyler Knight wasn't going to fuck her unless he was doing a sex scene with ner, she began to lobby VELVET to hire her fo an anal photo shoot "I won tieven ask for my usual anal rate," she told us. "Just let me have Tyler all to myself. gramise, you won't be disappointed!" Neither, it turned out, was Tyler A day after this shoot, he left his girlfnend and moved in with Katsum

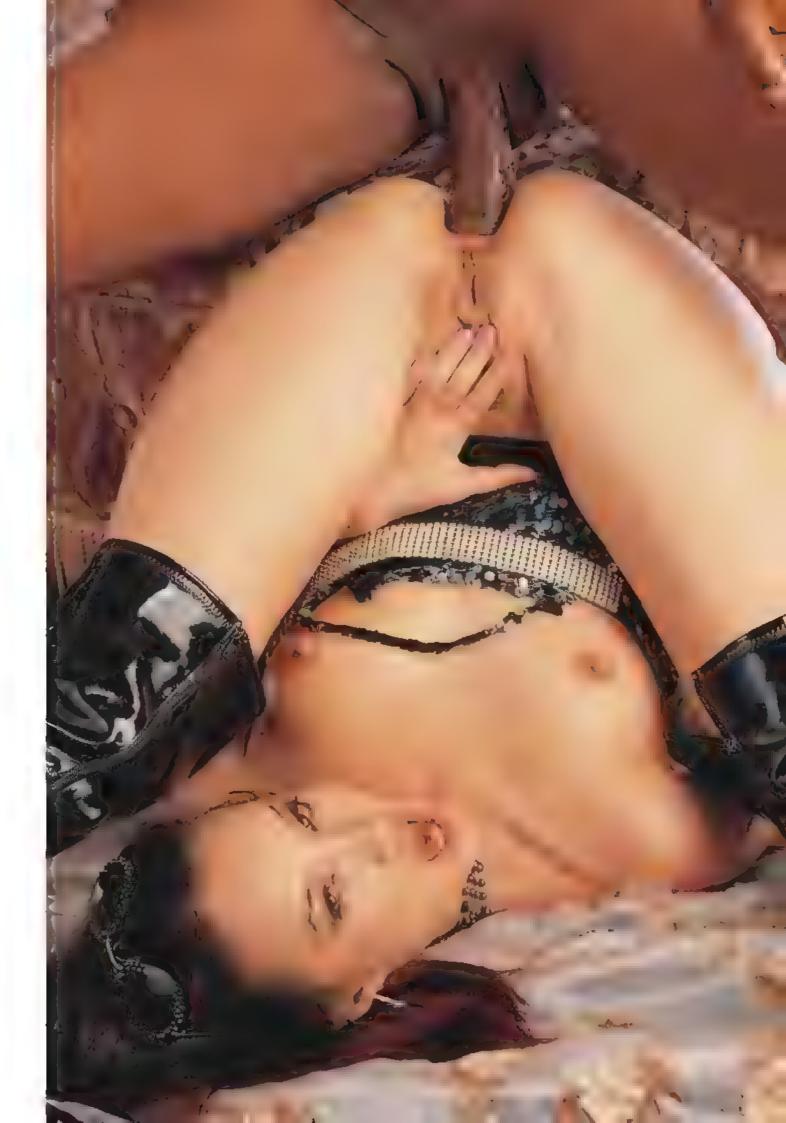

Katsumi may be tiny, but she's a mighty machine Tyler Knight tried to resist her but when she put her mouth and then her tight little ass to work on his big cock Tyler was unable to resist her charms All we can say s, all of you gir's out there should beware Don't let Katsum anywhere near your boyfriends Her asshole will lead them astray

Sugar & Silley

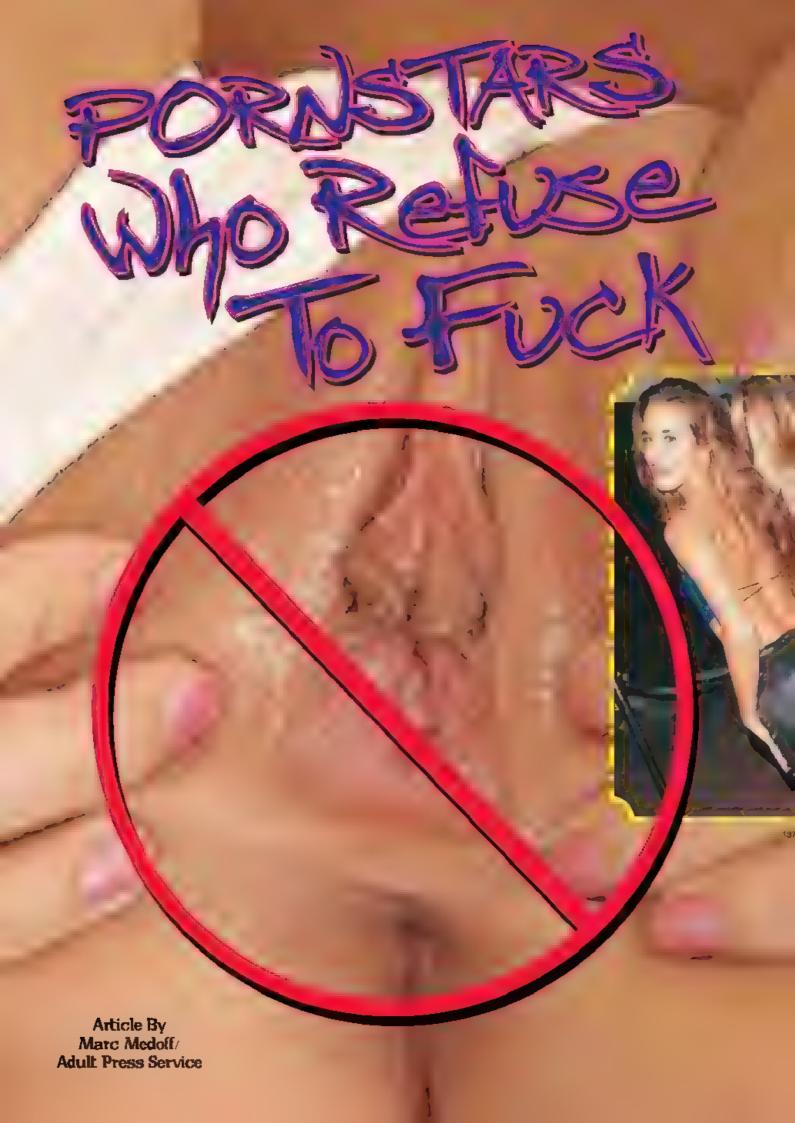

here are always any number of ever-broiling camal crosscurrents sarutey arrung and the worldwide XXX industry; quesitions, controversies, debates, imovements, angles, and scandals. But in recent years there is without a doubt one sex industry trend, one X-rated phenomenon of such unprecedented convoluted carnalily, that is so became, yet gaining ground so quickly on the adult entertainment industry horizon, that it's continued rise actually threatens the entire basis of international pornography altogether. And that's the growing number of porn starse who literally refuse to fuckut

Can't take it, I tell you! I can't Angles-based longtime moducer/director Bull Spallone, the creator of the maga-

hundreds of other varied X-titles over seven-year porno career. "You can't get a girl to fuck anymore, I cast a couple of movies a week and I can't cast a decent chicks is "I don't do guys "don't do and I don't do other girls, I don't kiss on the lips "don't do there ways I don't like factal sperm shots, I don't do this, I don't do that!" bleats an exasperated Spallone. "Well, what the fuck do you do, honey? Because if you don't do any of that, I don't know what the fuck you think you are but you stre ain't no fuckin' porn stand

indeed, what then, is a perio start while there are no industry-wide stable tos available as to the number of adult video actors who in some way awerely restrict their on-screen sexual performances, conversations with a broad cross-section of producers, directors, journalists and stars, suggest that as many as more than 25% of active porn girls won't do guys at all, with up to 75% having numerous restrictions on who they will fuck, how they will fuck, or how often they will fuck—and that means that hundreds, if not thousands of so-call X-celebs have put their twats on limited duty.

Ken Wilkes, co-owner of the legendary Mike Hott Video company and director/producer of such sellout XXX series' as Cunt of

the Month, long-considered the forerunner of the super-herdcere gonzo genre—deep analy double pene-testions, cum-gulping—always demands his casts perform the most extreme of sex sturds. In recent years though, more girls exit his casting interviews mid-sentence at his Hollywood studio, than actually make it on-camera.

These cunts don't want to do anything anymore! It used to be, for \$1,000 for the day, they would do it all, now, no matter what you offer, they won't budge," laments Wilkes, who as a result has seen new Mike Hott productions cut down drastically since 2002. "They're screwing up my business."

So, why are so many porn stars refusing to fuck? Basically, because they can.

There are in fact a number of measons many adult actresses refuse to do guys, take part in certain sex acts, play certain XXX character roles, or do many sex scenes at all of any type. The most obvious type of porn stars-refus-

ing-to-be-porn stars are the adult stariets who won't take cock under any circumstances for any amount of each. Almost no pore performer claims lesbianism as their reason for not taking the high-hard, ong indeed the vast majority of XXX girls describe themselves as bi-sexual or heterosexual in their private lives. But more and more porn stars are refusing do hardcore scenes with males for a variety of reasons including fear of sexually transmitted diseasas, an off-screen boyfriend or husband who forbids it, fear of legal problems, and calculated carnal career moves that has them betting that by "holding out," and letting pom fan anticipation build up for a boy-girl fucking down-the-road, they

will get more money for it, and increase the erolic earnings potential along the way.

In theory such can be the case, but can also backfire. When 20-year-old North Carolina-born beauty Rayveness got into XXX wack in 1992 the wife widely-halled as end of t prettiest X-chicks to enter hardcore in a while. But there was a catch—the redhaired hottie would only take out screen cock from her real-life off-stage lover—porn named "Red Bone," and for years, of her nearly 250 vid resume did ndeed do fots of super-nasty hardcore anal with her beau. Butporn directors and fans soon grew tired of seeing the shapely babe getting banged over and over again by the same guy. She did other women as well, but soon the parn job offers dried

up, and by the time a decade later that

she finally agreed to fuck other guys,

her professional rep was tarnished 'The producers always' held it against me, all those years I would only fuck Red or other girls," sighs a now 34-year-old Rayveness still struggling to get hired in X-tapes, and whose rte-in-port sexual liberation has now also, ironically, included working shifts at the Moonlite Bunnyranch legal/brothel in Carson City, Nevada, "Now I sometimes wonder what could have been, she says. Porn performer Nakita kash, now 29, did nearly 100 lesbo and masturbation-only/tapes from 1997-2004, but held off doing on-screen cock until 2001 when she spread her legs for Evan Stone in a Sin City movie called simply Kash. And while the event was apparently momentous for Nakita, in reality by then no one cared, and it did nothing to boost her name or career.

and anys veteran pern journalist Miles Alto: "Sherran "to begin with, so it meant nothing."

Beyond refusing to do men completely, or agreeing and to ruck the beyintends or husbands on-camera, most of contemposation industry "refuseniks" take the form of declining to take part in an a long list of sex acts, situations, and will persons they don't "like" --- acts of the more past res talent agency questions often administrated raid ding point stariets in

ing if the girl has no problem fucking the short, hairy everweight-but-loveable longtime sex stud, she's game for anything (so far an unofficial taily of respons as seems to run about 50-50). Thus in many ways the current crop of carnal cuties refusing to perform sex without limits is not that much different than any typical non-porn girtfriend or wife.

And according to any number of porn industry insiders you talk to, these piris are became pickier each day."

Thomas Zupko, award-winning hardcore porn director for more than a decade for a number of X-oufits almost always demands anal scenes from his casts, and tile reports fewer and fewer girls are showing up for interviews knowing what is expected.

"It's definitely more difficult these days getting the 'l will do everything' performer', which is ironic, because there are more porn girls running around than ever before, and it's a real pain in the ass-no pun intended!"

The practical basis of any daily pornmovie encounter in the San Fernandor Valley suburbs of LA—the unofficial headquarters for the North American porno industry—is a female actress's so-called "list." That is the mental checklist each porn girl carries around in her head as to who she will or will not fuck, and what she will or will not do for the right amount of money. Before any produc-

in director or casting agent pencils any pornystar in toka role in a hardcom provie, he asks about her "list" to see if she will # in with the role—and more and more port stars, with longer and longer woon't de lists," and shorter and shurter "will do jists," are simply not fitting in. In fagt some pirts' "will de" lists have become so ridiculously short, only willing the fuck one or tyling guys out of the hundreds of available stude on the LAgeoni scene, that the have become almost impossible to book for a hardcore porn scend.

Brian Surewood is a weteran male stud with close to 1000 sex scanner to his credit over eleven years and pro-woodeman on the LA permemen-ket—making his mark with his scraggly baker-looks, and always hard cock—and he reports having sex with late of girls early in their carnal careers, who later refuse to work with him

"As the girls go along in porn, up the ladder, they sale thate are all i these guys they can fuck with pretty-boy GQ magazine looks, and they can dictate to the producers who they will and won't fuck, so I often never son them again," Brian smiles ruefully. "But that's okay, no matter what hap pens later, I know I got them first!"

But while such freedom of XXX choice might sit well with performing it doesn't always sit well with fans, who just may not be willing to wait years on-end watching their favorite feline fornicator eat pussy over-andover again, instead moving on to idolize some other X-babe who is willing to take it up the ass no questions asked.

"I usually don't have to go through the headaches other directors do to get good talent on my shoots because most of what I do is girl-girl, but if I had to shoot hardcore boy-girl regularly, I would shoot as much as possible overseas," says Guan, "In Rio, girls doing porn expect to do anal as

And for sure Max is right about one thing, once a porn actress occides to give it all up theretimo assurance she will continue to do so, left and right among current porners are girls who were willing to fuck their brains out on-screen on a lime to daily basis—until they figured out they didn't have to Latina sexster Carnen Luvaria, now 26 and first into porn in 2001 and was an instant hardcore bit. But not only the fans knew it, so did producers, and after exclusive contracts first with New Sensations, and now Adam & Eye, her no carners turking days have been greatly slowed down.

So if so many porn stars are turning into prudate why do porn turis iet them get away with it? Of course many don't and on-line porno.gos sip sites and blogs are constantly inundated with porn tape aficionados complaining long and foud that their favorite fucksters are not taking it up the ass, so they are no longer buying their tapes. On the other hand there are still so many girls coming into pom willing to spread efery orifice without complaint, that there appears to be enough XXX product to satisfy everyoner in fact with so many porn girls restricting their curits these days, point stars that don't are having a virtual field day in being cast for hardcare roles. From anal queens Bridgette Kerkove and Chice, to Ashley Blue and others who almost never refuse a hardcore rifle, when they want privious, they find their X-rated dance cards constantly booked. In fact the ranks of the all-out balls-out XXX performers often laugh and sneer all their more conservative peers, even holding them in carnal contempt for their non-sexual ways. Mayara, for years the most famous porn star in Brazil and South America has been shot in more than 100 hardcore anal scenes for visiting American porn producers, who have repeatedly told her they it's very difficult to find such a willing porn star back in Los Angeles, "What is wrong with the portuatars in America, don't they know

But I sure win't turning my some party over took burich of lession pussy-lickers. Hely boring is that?"

So where dies the porn industry go from here and what will the erm "porn star" mean, five, ten, fifteen years from now?

"I have no idea what the fuck being a 'porn star' means now, let alone in the future, concludes Rob Spallone, but concedes that if it turns out he can't beat them, he'll join them, concentrating his directorial efforts on his less-hard ongoing all-girls lines such as Mature Women With Younger Girls, Lesbian Swirtlest, and Chick Flick Those titles I can cost for no problem.
